

TOP SECRET/RYAN, OMIA

For Mr. Humelsine's eyes only

27 September 1947

My Dear Carl: Colonel Clarke, my messenger to you of yesterday September 26th, has reported the result of his delivery of my memo dated 25th. As I understand him you were unwilling to commit yourself to any agreement regarding not communicating its contents to any other person in view of the fact that you felt you already knew certain of the things probably referred to in the memo, as suggested to you by seeing the security clearance MAJIC, and that you could not feel that such a letter as this could have been addressed to you without the knowledge of the President.

As to (a) above I am quite willing to have you read what comes hereafter with the understanding that you are bound not to communicate to any other person any portions on which you do not have or later receive factual knowledge from some other source than myself. As to above you have my word that neither the Secretary of Defense nor the President has any intimation whatsoever that such a letter has been addressed to you or that the preparation or sending of such was being considered. I assure you that the only persons who saw or know of the existence of either this letter or my letter of 25th dated September 25th are General Eisenhower, seven key officers responsible for security of MAJIC military communications, and my secretary who typed these letters.

I am trying my best to make it plain to you that this letter is addressed to you solely on my initiative. General Eisenhower has not consulted only for the letter. I am persisting in this matter because the military has a duty to protect the country and some action is necessary to protect our interests in our armed forces.

I should have much preferred to have you in person but I did not devise a method that would not be subject to leaks and radio reactions as to why the Secretary of Defense would be making an interview with you. This particular moment I have chosen the method of this letter with which I am sure you will concur. It was delivered by hand to you by Colonel Clarke who incidentally was one of the most secret documents of the Army, Navy, and Air Force Departments.

You will understand from the foregoing the extremely tragic result of the present rumors regarding New Mexico are disclosed to the public government or Congressional for any suspicion of the state information we possess.

Please return this letter by hand. It is a very important subject and you are referred to the subject.

Faithfully yours,
